## Hike – Mt Nardi To Minyon Falls - 20Km

- Start at Mt Nardi car park (2828 4251)
- Head North East from the car park about 500m to the junction at (2867 4286)
- Head East about 500m to the junction at (2918 4288).
- It is easier to take the right hand fork at this junction, although the left hand fork gives better views. Follow either path about 500m to where the two paths meet at (2956 4293)
- Head East and then South about 2Km to the junction at (2982 4129)
- Head North East and then East about 4Km to the junction at (3215 4289)
- The left hand fork leads to a **camp** at the “Loo with a view” (3286 4332). This campsite is on private property so the owner needs to be contacted in advance.  
The return walk to this campsite adds 3km to the total distance of the hike (i.e. total distance is **23Km**).
- From junction at (3215 4289) head South approximately 3.5km to the junction at (3395 4045).  
There is a small campsite at this junction.  
There is good water at (3306 4038), 1km west and downhill of the campsite.
- From the junction at (3395 4045) head south about 1Km to the fourway junction at (3478 3992).  
There is some mobile reception along this part of the hike.
- Head East and gently downhill about 5Km along Peates Mountain Road until you reach Rummary Park campsite (3698 3643)  
Camping at Rummary Park requires booking in advance.
- From Rummary Park campsite (3698 3643) head south along Boggy Creek Walk about 2km to the carpark at Minyon Falls (3812 3497). **Caution** - This track crosses the main dirt road at (3791 3514)

- 

## **Escape Routes**

- Return to Mt Nardi
- Take the left hand fork at the junction at (3215 4289), heading to the “Loo with a view” at (3286 4332). Then take right hand fork at the junction at (3339 4372) descending steeply down to meet Huonbrook road at (3402 4300). The only possibility of mobile reception is whilst on high ground between (3215 4289 and 3286 4332) – however there are some houses once you reach Huonbrook road.
- Rummery Park
